

## Maximizing Instructional Time

**Directions:** Watch the video, [Maximizing Instructional Time](#) , and reflect on the following;

- What are some strategies the teacher uses to maximize the learning time while keeping students focused?
- What might this teachers lesson plan look like?
  - What is the objective?
  - What vocabulary words might the teacher introduce to students?
  - What are the activities that the students complete? Independently? As a group?
  - How does the teacher assess learning?
- What levels of engagement activities did you see the teacher implement? Are there other ways the teacher could have implemented constructive and interactive engagement strategies?
- How did the teacher promote academic mindset?
- How did the teacher support a growth mindset?
- What routines are part of the classroom culture? How does the teacher reinforce these routines?
- How does the teacher incorporate music and movement in the classroom?
- How does the teacher handle transitions?
